# Printlab Beverage Can Opener
USER QUICK GUIDE

Introduction
This device is used to open the pull-tabs of beverage cans by simply placing the hook inside the top loop of the can pull-tab and using a lever motion.

Features

Compatibility
This device is compatible with aluminum beverage cans with pull tabs.

Some aluminum cans contain a pull-tab with some graphic or logo in the top hole of the tab, as seen in the left of the photo above. Only cans with a tab like the one shown on the right, with a hole in the top of the tab, can be used with this device.

Usage
1. Slide the hook of the Can Opener into the hole in the top of the can pull-tab.

2. Grip the Can opener and pull backwards like pulling a lever.

Specifications
The device should be approximately 106 mm long, 26 mm wide, and 6 mm thick.

Cleaning
Wipe with sterilizing cloth or spray with sterilizing spray. Do not expose to high heat or wash in dishwasher.
